

# Wildlife Management on Marginal Acreage

*Do you have marginal cropland that you're tired of farming but still want to get some value out of it?*

- Playas/Lagoons that you can't farm
- Marginally producing pivot corners
- Hard to farm or erodible areas

*Why not turn those acres into wildlife habitat?*

- Come hear how marginal acres can provide great wildlife habitat while reducing input costs and improving the bottom line

Please join us for an informational meeting

**When:** 10am-12pm, September 10<sup>th</sup>

**Where:** On The Green Restaurant  
5294 County Road 39 Yuma, CO

Lunch provided

*by Yuma County Pheasants Forever Chapter*

Please RSVP to Shannon Bowling by September 4<sup>th</sup>  
sbowling@pheasantsforever.org or (719) 251-5897
